

Contents

Preface	XI
1. Overview of Technology Management	1
1.1 Introduction	1
1.2 Concept of Technology	2
1.3 Growth of Technology	4
1.4 Historical Developments in Technology	6
1.5 Management of Technology	7
1.6 Functions of Technology Management	9
1.7 Significance of Technology Management	9
1.8 Technological Change	12
2. Competitive Advantages through Technologies	15
2.1 Introduction	15
2.2 Competitive Advantage	15
2.3 Technology and Competitive Advantage	21
2.4 Government and Competitive Advantage	23
2.5 IT in Competitive Advantage	26
2.6 Technology and Product Development	29
2.7 Competitive Advantage through Technology	30
2.8 Strategic Significance of Technology	33
3. Strategy of Technology Development	51
3.1 Introduction	51
3.2 Technology Strategy	52
3.3 Models of Technology Strategy	54
3.4 Information Technology Strategy	55
3.5 Technology Life Cycle Management	57
3.6 Issues and Trends in R&D Management	58
4. Technology Forecasting	63
4.1 Introduction	63
4.2 Theory of Technology Forecasting	64
4.3 Methods of Technology Forecasting	66
5. Technology Assessment	77
5.1 Introduction	77
5.2 Technological Impact on Society	78
5.3 Technological Impact on Business	80

5.4 Understanding Technology Assessment	87
5.5 Process of Technology Assessment	88
5.6 Technology Audit	91
6. Technology Diffusion and Absorption	95
6.1 Introduction	95
6.2 Life Cycle of Technology Adoption	96
6.3 Understanding Technology Diffusion	97
6.4 Barriers to Technology Diffusion	103
6.5 Adoption of New Technologies	104
6.6 Technology Absorption	106
7. Technology Transfer Management	109
7.1 Introduction	109
7.2 Understanding Technology Transfer	110
7.3 Process of Technology Transfer	112
7.4 Concerns in Technology Transfer	115
7.5 Management of Intellectual Property Rights (IPR)	116
7.6 Strategic Advantage through IPR Management	118
8. Technology and Innovation Management	121
8.1 Introduction	121
8.2 Managing Technologies	122
8.3 Connecting Technology and Innovation	130
8.4 Technology Intelligence	131
8.5 Technology Strategy Formation	134
8.6 Technology Management Control	135
9. Issues in Technology Management	139
9.1 Introduction	139
9.2 Social Issues	140
9.3 Ethical Issues	141
9.4 Moral Issues	143
9.5 Human Aspects in Managing Technology	144
9.6 Environmental Impact Analysis	147
References	149
List of Important Words, Terms and Phrases	153
Index	i
